

TAFT PREPARES
STATEHOOD VETOPresident Leaves Beverly After
Writing Message.

OPPOSES JUDICIARY RECALL

Disapproval of Measure for Admission
of Arizona and New Mexico Into the
Union Said to Be Based Largely on
the Recall of Judges Provision in
the Arizona Constitution.Beverly, Mass., Aug. 14.—With his
veto message on the Flood resolution
providing for the admission of Arizona
and New Mexico into the Union practically
complete President Taft brought his week end visit here to a close.The president left Beverly for Boston
in one of the White House automobiles
and the message went with him. He took the Federal express for
Washington. The message may be
sent to congress during the day.Only a desire to revise it slightly
after consultation with administration
leaders is likely to postpone its presentation
to congress until Tuesday, if
that body is in session.The president's veto is understood
to be based largely upon the provision
for the recall of the judiciary provided
for in the Arizona constitution. To
the New Mexican constitution the president
is understood to have no
particular objection, but the Flood
resolution so couples the two territories
that a veto must affect them both.While the details of the message
were not available it is understood
that the message is quite long. It is
expected that the president's position
in regard to the recall of judges will
be presented in no uncertain terms.The wool revision veto message has
not been touched by the president so
far, but the outlines of it are in his
mind and about all he will need to do
in Washington will be to call in a secretary
and dictate. It was said here
that the second veto should reach congress
before the end of the week.

BACK FROM RACE CONGRESS

Dr. Felix Adler Tells of Uplift Plans
Made in London.New York, Aug. 14.—Dr. Felix Adler,
head of the Society for Ethical Culture,
has returned from attending the
universal race congress in London,
enthusiastic over the plans made
there."It was decided to establish two
bureaus," he said, "the first a press
bureau to disseminate information

concerning the activities of the oppressed
peoples. The other will attempt to
make authentic investigations of the
grievances of the oppressed races." For
the present, Dr. Adler explained, the
headquarters of the universal race congress
will be London, on account of its central location.

INTENDS TO KEEP UP FIGHT

President Objects to Amending Arbitration
Treaties.Beverly, Mass., Aug. 14.—President
Taft was keenly disappointed to learn
that the senate foreign relations committee
had decided to put the knife to the
British and French general arbitration
treaties and to report them to the
senate in a modified form.The president intends to keep up
his fight to have the pacts accepted in
full. Already he has lined up many
senators friendly to the administration
and will continue his personal campaign.GRAVE RIOTS IN
GREAT BRITAINLabor Disorders Occur in Liverpool
and Glasgow.

STRIKE LIABLE TO SPREAD

Railway Employees of Many Large
Cities Hold Meetings and Threaten
to Quit Work Unless Existing Disputes
Are Settled Promptly and Satisfactorily—Liverpool Policeman Is
Killed and Many Persons Injured.London, Aug. 14.—Great Britain appears
to be confronted by a grave labor
movement, compared with which the
London strike just ended would be a
small affair. Together with street
battles in Liverpool of a most furious
description and serious riots at Glasgow
comes the news of meetings of the railway
employees at Liverpool, Glasgow, Manchester,
Bristol, Sheffield and other large cities at
which threats were made of a general
strike of all railway men, transport
workers and dockers unless existing
disputes are settled promptly and satisfactorily.Everywhere the workers appear encouraged
by the success of the London strike to
take energetic steps to secure better terms
for their services. In London itself both
railway and street car strikes still threaten.
The men held a meeting and discussed the
situation, but have not yet taken active
measures for going out. As in Glasgow,
London's tramway service is run by the
municipality.A serious feature of the situation is
the deep resentment the strikers display
at the employment of the military and
police from other towns to mitigate the
effects of strikers on the supply of food
and necessities.The Socialist party is doing its utmost
to fan this resentment. At a meeting of
2,000 railway men belonging to the Midland, Great Central and
Metropolitan lines it was decided to
call a general strike on all the railway
and tubes in the London district next
Sunday unless their grievances are
remedied in the meanwhile. It is
rumored that the London tramway men
also have sent an ultimatum to the
county council.

MANY INJURED AT GLASGOW

Striking Trolley Men Throw Stones
and Damage Cars.London, Aug. 14.—While the strike
troubles in London are ended the situation
in the provinces is rapidly growing
worse. In addition to rioting at Liverpool
there were serious disorders at Glasgow,
where the street car service had to be
completely closed down.Thirty thousand workmen met on
Glasgow green and the strike leaders
threatened drastic measures if the
nonunion men continue to take the
places of strikers.Scuffles with the police led to wider
disorders in which there was stone
throwing on the part of the workmen
and baton charges by the police. Much
damage was done to street cars by the
strikers before the service was
suspended.Cars were pulled off the tracks and
their trolley poles removed, windows
were smashed and timbers were laid
on the rails or strikers sat on the
tracks in a body in order to impede
the progress of the cars. Many persons
were injured.

LIVERPOOL OFFICER KILLED

Serious Rioting Grows Out of Strike
Demonstration.Liverpool, Aug. 14.—Serious rioting,
growing out of the strike which is in
progress here, occurred. One policeman
was killed by being struck on the head
with a brick and many persons were
injured.An altercation between a policeman
and strikers during a transport workers'
demonstration at St. George's hall
started the trouble, which culminated
in a general melee when, after this
disorder had been put down and the
strikers scattered, they gathered again
in the Islington quarter and resumed
their attacks upon the officers with
serious results.One hundred thousand men were
gathered in groups about St. George's
hall listening to speeches by labor agitators
and the scenes of violence following
the attack upon the policemen necessitated
the calling out of police reserves.
When they arrived one party of fifteen
policemen was surrounded and disarmed,
the rioters attacking them with their own
batons.

PRINTERS IN CONVENTION

Fifty-seventh Session of the Union
Opens in San Francisco.San Francisco, Aug. 14.—The fifty-seventh
session of the International Typographical
Union was opened here today with an address
by Mayor P. H. McCarthy and remarks from
representatives of the daily press, the
commercial printing branch of the industry
and from representatives of the local Typographical
union.The reports of officers submitted to the
convention today shows that for the fiscal
year ending May 31, 1910 the membership
of the International Typographical union earned
\$45,602.94, or an average of \$953 per member.
For the fiscal year ending May 31, 1911,
the membership earned the total of \$49,770,658,
or an average per member of \$973.The average membership for the fiscal
year ending with May, 1911, was 51,005,
while the average membership for the prior
fiscal year was 47,848. These figures represent
an increase of more than \$4,000,000 and
an increase in average membership of 3,247.PUBLISHER PROVES
PERSISTENT WOOLERFrank A. Munsey Wins Girl
After Twelve Years.Philadelphia, Aug. 14.—After twelve
years of the most persistent wooing
society and business circles here have
received information that Frank A. Munsey,
the publisher, at last has been successful
and that his engagement to Miss Leta Robinson
of Baltimore soon will be announced. Mr.
Munsey is about fifty-seven years old and
the woman who has been picked as his bride
and for whom he has made such a persistent
fight is about twenty-two years his junior.Mr. Munsey first met Miss Robinson,
who is one of the belles of Baltimore, about
twelve years ago. She was still a bud and
a beautiful one, just rounding into womanhood.
She immediately captured the heart of the
publisher, who was believed to have become
a confirmed bachelor. Then began a courtship
which reached all most around the world. Mr.
Munsey being the chaser and Miss Robinson
was chased. Wherever Miss Robinson was
there also was Mr. Munsey. The chase went
from Baltimore to Europe and even to far off
China and return and then back to Europe
several times.It is understood by close friends of
Miss Robinson that the publisher has laid
his heart and fortune at the feet of the
Baltimore beauty several times, but not until
ten days ago was he accepted.

SOLONS ANXIOUS TO GET HOME

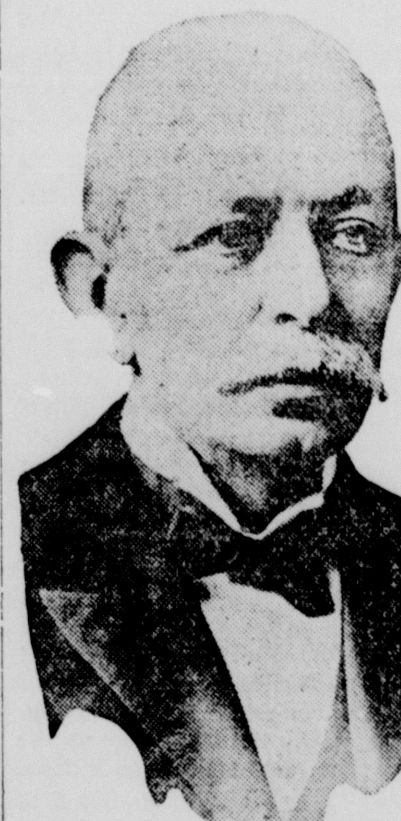

Quick Action Expected on Tariff Revision
Legislation.Washington, Aug. 14.—The whole
tariff revision legislation question will be
settled during the coming week, which in
all probability will mark the closing of
congress. Almost all of the members of
both houses are anxious to get home, despite
the vociferations of the revisionists that they
will remain in session until autumn if the
legislation they want could be enacted.All the power of the Democratic party
that now controls the house for the first
time in many years and of the effective
Democratic-progressive Republican coalition
in the senate will be centered on quick action
in the trio of pending tariff measures.This means, in the belief of leaders
of both parties, an adjournment possibly
by the end of the week, or, at any rate,
within a few days thereafter.LARGER HOUSE
LOSES PRESTIGEMasterly Speeches Against Increasing
Membership.

POWER OF MEMBERS WANING.

Senators and Representatives Voted
Against Their Personal Sentiments.
Harris of Massachusetts Admits That
He Has Been Begoggled by Mass of
Statistics on the Tariff.By ARTHUR W. DUNN.
Washington, Aug. 14.—[Special.]—Masterly
and convincing arguments were made in the
senate against the reapportionment bill, which
increases the membership of the house to 433,
but the majority were determined for different
reasons to have that number. The real motive
was the desire of different states to maintain
their present number and of certain other states
to gain an increase.Any one who has watched the increase
of the house since the last two censuses is
absolutely convinced that a great mistake has
been made and the house has lost power steadily,
and the individuality of the member has been
submerged. The private opinion of most senators
and members of the house was against increasing
the number, but other considerations drove them
on to committing what will prove a blunder.What of the Constituent?
We all know that all the guff and stuff
that has been uttered in the capitol or found
its way to daylight by the "leave to print" method
is intended largely for home consumption. But
will the constituent understand it? Congressman
Harris of Massachusetts felt that it was up to
him to make a speech on the cotton schedule, and
he opened up thus: "I have read statistics
until I am befogged. I have heard statistics
quoted until I am lost. What will be the effect
upon the dear people if congressmen are so affected?"House Personalities.
Jim Mann will stop at nothing when he
is in a fight in the house. In a running
debate about the present Democratic methods
and the former Republican methods of conducting
the house, Congressman Pou of North Carolina
defended the Democratic caucus system. Mann
at once came forward with a sarcastic talk about
Pou having been "kicked off the ways and means
committee by the Democratic caucus" and was
now so docile that he kissed the hand that
smote him. Pou in turn accused Mann of "biting
below the belt" in making any such reference.No Silk Stockings.
They are not going to make a silk stocking
charge stick against Congressman Fowler of
Illinois. It was J. Hampton Moore who made
the charge, and Fowler denied the proposition.
"I never saw a pair of silk stockings in my
life, much less wear such things," he shouted.
And the house went into convulsions of laughter
—it sounded so funny.The Clayton of Alabama remarked:
"I want to express the hope, that after my
friend has served two or three terms in congress
he may be able to say truthfully that he never
saw a pair of silk stockings." Again the house
was in a gale of laughter, which was renewed
when Fowler promised Clayton that he would
not indulge in silken footgear.Kinkead and the Cotton Schedule.
Under the head of "cotton schedule" a
speech by Congressman Kinkead of New Jersey
is published in the Record. There is no mention
of cotton, but the New Jersey man tells all
about the efforts he has made with final success
to arrange a baseball game between the
Democratic and Republican sides of the chamber.
The speech was enjoyed more than hours of
debate on cotton statistics.A Little Lemon Joke.
Congressman Stephens of California is one
of the Republican insurgents who have been
voting all the time for the Democratic tariff
bill. There is no mention of lemon, but the
New Jersey man tells all about the efforts he
has made with final success to arrange a baseball
game between the Democratic and Republican
sides of the chamber. The speech was enjoyed
more than hours of debate on cotton statistics.Then Florida became interested, and
Congressman Clark wanted to make a speech.
There was bickering over it, and Uncle Joe
Cannon said that the other business coming
later had better be brought forward while there
was a good attendance in the house."Do you mean to infer that Clark will
empty the house?" asked Bob Henry of Texas."I make no such suggestion," replied Cannon,
"but I do suggest that when the hour for
baseball arrives that will empty the house
double quick."Uncle Joe knew from long experience that
the great national game is more attractive
than house debates.Hill is a Yankee.
Congressman Underwood was talking about
cotton, and Hill of Connecticut was interrupting
him. Then Underwood put one of those hard
questions at Hill."I will answer that in the Yankee way
by asking another question," said Hill. "No,
you don't," replied Underwood, and he did not
allow Hill to use his Yankee prerogative.Holland Painter Dead.

Noted Physician Attending Pope in Present Illness.

NO CHANGE IN HIS CONDITION

Physicians Hope for Complete Recovery of Pope.

Rome, Aug. 14.—The condition of Pope
Pius was almost stationary, but with a
tendency toward slow, though gradual,
improvement. His temperature was 98.7,
and while the pains in the gouty knee
continued, the pontiff suffered much less.
He took more nourishment and his strength
was well maintained.Although the general condition of his
holiness is not yet such as to justify
absolute optimism for his recovery, his
physicians believe that if there is no
relapse he will be able to abandon his bed
next week. His complete convalescence
will be a lengthy one, however, and it will
be necessary for him to submit to a severe
regimen with regard to both food and work.BRIEF REVOLUTION
OCCURS IN ECUADOR

President Elect Estrada Overthrows Alfaro Government.

Washington, Aug. 14.—The Alfaro
government in Ecuador was overthrown
Friday by a revolution organized by
supporters of President Elect Estrada.
Few casualties occurred and a provisional
government headed by the president of the
senate was formed, according to the state
department's advices from Minister Young
at Quito.Mr. Young's cable reported the city
fairly quiet. The arrival of President
Elect Estrada was momentarily expected.
General Alfaro and his family took
refuge in the Chilean legation.

BIRDMEN SAIL OVER CHICAGO

Many Desire to Break Record for Time
Spent in Flying.Chicago, Aug. 14.—The record for
total time spent in flying is one aviation
record bound to be broken during the
international aviation meet here. The
inspiration is the \$2 paid each flyer for
each minute his machine is in the air and
when the gun boomed to open the second
day of the meet the success of this plan for
conducting a meet was proved.Except for a half dozen aviators who
planned to enter events for particular
prizes there was a general exodus from
the hangars and in less than half an hour
a score of machines were floating over the
field and above the city, all the birdmen
planning to stay up until gasoline was
exhausted.The result was that during all the
scheduled events there were at least a
dozen machines soaring over the field.

TAFT IN AUTO COLLISION

Machines Not Going Fast, So No One Is Injured.

Melrose, Mass., Aug. 14.—William A.
Jepson, resident of this city, told of being
concerned in an automobile collision with
the president late Saturday afternoon in
Salem. The accident described by Mr. Jepson
happened when two machines, one containing
President and Mrs. Taft and the other Major
Archibald Butt and the other Mr. and Mrs.
Jepson and friends, came together as the
Jepson car swung around a corner. Neither
machine was going fast and no one was
thrown out.

COMRADE OF JERRY MCCARTHY

St. Paul Policeman's Assassin Identified as Peter Juhl.

St. Paul, Aug. 14.—The identification of the man who shot Detective Frank
Fraser Saturday afternoon, when the latter
arrested him on a Selby-Lake car, as Peter Juhl,
who escaped from the Minnesota state prison
last March with Jerry McCarthy, cleared the
mystery surrounding the prisoner, John Lewis,
as he gave his name Saturday.Meanwhile Detective Fraser is hovering
between life and death at St. Joseph's hospital.The capture of Juhl means the end of the
operations of as desperate a pair of criminals
as have operated in Minnesota for some time.
And the victim, Frank Fraser, figured in the
capture of both. For Fraser, besides arresting
Juhl Saturday, was in Minneapolis looking for
McCarthy Saturday night, four weeks ago, when
the latter met Patrolman Olinger in the duel
which resulted in the death of both. Fraser
was on McCarthy's tracks that night and it was
believed that he ultimately would have captured
him if Olinger and McCarthy had not met.

STAND IN LINE DURING RAIN

Berthold Reservation Registration Begins at Minot.

Minot, N. D., Aug. 14.—With more than
300 in line waiting to register for homesteads
on the Berthold Indian reservation registration
opened at midnight. Those from the Northwest
were compelled to give precedence to a Utah
man, Joseph Henry Labrum of Ogden, who was
first in line and so the first to register for a
homestead. In spite of the rain and the discomfort
of those standing in line the crowd was orderly
and good natured and registration is progressing
with regularity.

Fissures May Wipe Out Town.

slide eight years ago, when many lives were lost.

TAFT PREPARES
STATEHOOD VETOPresident Leaves Beverly After
Writing Message.

OPPOSES JUDICIARY RECALL

Disapproval of Measure for Admission
of Arizona and New Mexico into the
Union Said to Be Based Largely on
the Recall of Judges Provision in
the Arizona Constitution.Beverly, Mass., Aug. 14.—With his
veto message on the Flood resolution
providing for the admission of Arizona
and New Mexico into the Union practically
complete President Taft brought his week end visit here to a
close.The president left Beverly for Boston
in one of the White House automobiles
and the message went with him. He took the Federal express for
Washington. The message may be
sent to congress during the day.Only a desire to revise it slightly
after consultation with administration
leaders is likely to postpone its presentation
to congress until Tuesday, if
that body is in session.The president's veto is understood
to be based largely upon the provision
for the recall of the judiciary provided
for in the Arizona constitution. To
the New Mexican constitution the
president is understood to have no
particular objection, but the Flood
resolution so couples the two territories
that a veto must affect them both.While the details of the message
were not available it is understood
that the message is quite long. It is
expected that the president's position
in regard to the recall of judges will
be presented in no uncertain terms.The wool revision veto message has
not been touched by the president so
far, but the outlines of it are in his
mind and about all he will need to do
in Washington will be to call in a secretary
and dictate. It was said here
that the second veto should reach congress
before the end of the week.

BACK FROM RACE CONGRESS

Dr. Felix Adler Tells of Uplift Plans
Made in London.New York, Aug. 14.—Dr. Felix Adler,
head of the Society for Ethical Culture,
has returned from attending the
universal race congress in London,
enthusiastic over the plans made
there."It was decided to establish two
bureaus," he said, "the first a press
bureau to disseminate information

concerning the activities of the oppressed
peoples. The other will attempt
to make authentic investigations of the
grievances of the oppressed races." For
the present, Dr. Adler explained,
the headquarters of the universal
race congress will be London, on account
of its central location.

INTENDS TO KEEP UP FIGHT

President Objects to Amending Arbitration
Treaties.Beverly, Mass., Aug. 14.—President
Taft was keenly disappointed to learn
that the senate foreign relations committee
had decided to put the knife to the
British and French general arbitration
treaties and to report them to the
senate in a modified form.The president intends to keep up
his fight to have the pacts accepted in
full. Already he has lined up many
senators friendly to the administration
and will continue his personal campaign.GRAVE RIOTS IN
GREAT BRITAINLabor Disorders Occur in Liverpool
and Glasgow.

STRIKE LIABLE TO SPREAD

Railway Employees of Many Large
Cities Hold Meetings and Threaten
to Quit Work Unless Existing Disputes
Are Settled Promptly and Satisfactorily—Liverpool Policeman Is
Killed and Many Persons Injured.London, Aug. 14.—Great Britain appears
to be confronted by a grave labor
movement, compared with which the
London strike just ended would be a
small affair. Together with street
battles in Liverpool of a most furious
description and serious riots at Glasgow
comes the news of meetings of the railway
employees at Liverpool, Glasgow, Manchester,
Bristol, Sheffield and other large cities at
which threats were made of a general
strike of all railway men, transport
workers and dockers unless existing
disputes are settled promptly and satisfactorily.Everywhere the workers appear encouraged
by the success of the London strike to take
energetic steps to secure better terms for their services.
In London itself both railway and street
car strikers still threaten. The men held a
meeting and discussed the situation, but have
not yet taken active measures for going out. As
in Glasgow, London's tramway service is run
by the municipality.A serious feature of the situation is
the deep resentment the strikers display at
the employment of the military and of police
from other towns to mitigate the effects of
strikers on the supply of food and necessities.The Socialist party is doing its utmost
to fan this resentment. At a meeting of 2,000
railway men belonging to the Midland, Great
Central and Metropolitan lines it was decided
to call a general strike on all the railway
and tubes in the London district next Sunday
unless their grievances are remedied in the
meanwhile. It is rumored that the London
tramway men also have sent an ultimatum to
the county council.

MANY INJURED AT GLASGOW

Striking Trolley Men Throw Stones
and Damage Cars.London, Aug. 14.—While the strike
troubles in London are ended the situation
in the provinces is rapidly growing worse.
In addition to rioting at Liverpool there
were serious disorders at Glasgow, where the
street car service had to be completely
closed down.Thirty thousand workmen met on
Glasgow green and the strike leaders
threatened drastic measures if the nonunion
men continue to take the places of strikers.Scuffles with the police led to wider
disorders in which there was stone
throwing on the part of the workmen and
baton charges by the police. Much damage
was done to street cars by the strikers
before the service was suspended.Cars were pulled off the tracks and
their trolley poles removed, windows were
smashed and timbers were laid on the rails
or strikers sat on the tracks in a body in
order to impede the progress of the cars.
Many persons were injured.

LIVERPOOL OFFICER KILLED

Serious Rioting Grows Out of Strike
Demonstration.Liverpool, Aug. 14.—Serious rioting,
growing out of the strike which is in
progress here, occurred. One policeman
was killed by being struck on the head
with a brick and many persons were
injured.An altercation between a policeman
and strikers during a transport workers'
demonstration at St. George's hall started
the trouble, which culminated in a general
melee when, after this disorder had been
put down and the strikers scattered, they
gathered again in the Islington quarter and
resumed their attacks upon the officers with
serious results.One hundred thousand men were
gathered in groups about St. George's
hall listening to speeches by labor agitators
and the scenes of violence following the
attack upon the policemen necessitated the
calling out of police reserves. When they
arrived one party of fifteen policemen was
surrounded and disarmed, the rioters
attacking them with their own batons.

PRINTERS IN CONVENTION

Fifty-seventh Session of the Union
Opens in San Francisco.San Francisco, Aug. 14.—The fifty-seventh
session of the International Typographical
Union was opened here today with an address
by Mayor P. H. McCarthy and remarks from
representatives of the daily press, the commercial
printing branch of the industry and from
representatives of the local Typographical union.
Response was made by President Lynch of the
International Typographical union.The reports of officers submitted to the
convention today shows that for the fiscal year
ending May 31, 1910 the membership of the
International Typographical union earned \$45,602-
944, or an average of \$953 per member. For
the fiscal year ending May 31, 1911, the membership
earned the total of \$49,770,668, or an average
per member of \$973.The average membership for the fiscal year
ending May, 1911, was 51,095, while the average
membership for the prior fiscal year was 47,848.
These figures represent an increase in earnings
of more than \$4,000,000 and an increase in average
membership of 3,247.PUBLISHER PROVES
PERSISTENT WOOLERFrank A. Munsey Wins Girl
After Twelve Years.Philadelphia, Aug. 14.—After twelve
years of the most persistent wooing society and
business circles here have received information
that Frank A. Munsey, the publisher, at last
has been successful and that his engagement to
Miss Lota Robinson of Baltimore soon will be
announced. Mr. Munsey is about fifty-seven
years old and the woman who has been picked
as his bride and for whom he has made such a
persistent fight is about twenty-two years his
junior.Mr. Munsey first met Miss Robinson, who
is one of the belles of Baltimore, about twelve
years ago. She was still a bud and a beautiful
one, just rounding into womanhood. She immediately
captured the heart of the publisher, who was
believed to have become a confirmed bachelor.
Then began a courtship which reached all
most all around the world. Mr. Munsey being
the chaser and Miss Robinson was chased. Wherever
Mr. Munsey was there also was Miss Robinson.
The chase went from Baltimore to Europe and
even to far off China and return and then back
to Europe several times.It is understood by close friends of Miss
Robinson that the publisher has laid his heart
and fortune at the feet of the Baltimore beauty
several times, but not until ten days ago was he
accepted.

SOLONS ANXIOUS TO GET HOME

Quick Action Expected on Tariff Revision
Legislation.Washington, Aug. 14.—The whole tariff
revision legislation question will be settled
during the coming week, which in all probability
will mark the closing of congress. Almost all of
the members of both houses are anxious to
get home, despite the vociferations of the
revisionists that they willingly would remain
in session until autumn if the legislation they
want could be enacted.All the power of the Democratic party that
now controls the house for the first time in many
years and of the effective Democratic-progressive
coalition in the senate will be centered on quick
action in the trio of pending tariff measures.
This means, in the belief of leaders of both
parties, an adjournment possibly by the end of
the week, or, at any rate, within a few days
thereafter.LARGER HOUSE
LOSES PRESTIGEMasterly Speeches Against Increasing
Membership.

POWER OF MEMBERS WANING.

Senators and Representatives Voted
Against Their Personal Sentiments.
Harris of Massachusetts Admits That
He Has Been Befogged by Mass of
Statistics on the Tariff.By ARTHUR W. DUNN.
Washington, Aug. 14.—[Special]—Masterly
and convincing arguments were made in the
senate against the reapportionment bill, which
increases the membership of the house to 433,
but the majority were determined for different
reasons to have that number. The real motive
was the desire of different states to maintain
their present number and of certain other states
to gain an increase.Any one who has watched the increase of
the house since the last two censuses is absolutely
convinced that a great mistake has been made
and the house has lost power steadily, and the
individuality of the member has been submerged.
The private opinion of most senators and members
of the house was against increasing the number,
but other considerations drove them on to committing
what will prove a blunder.

What of the Constituent?

We all know that all the guff and stuff
that has been uttered in the capitol or found its
way to daylight by the "leave to print" method
is intended largely for home consumption. But
will the constituent understand it? Congressman
Harris of Massachusetts felt that it was up to
him to make a speech on the cotton schedule, and
he opened up thus: "I have read statistics until
I am befogged. I have heard statistics quoted
until I am lost. What will be the effect upon the
dear people if congressmen are so affected?"

House Personalities.

Jim Mann will stop at nothing when he is
in a fight in the house. In a running debate
about the present Democratic methods and the
former Republican methods of conducting the
house, Congressman Pou of North Carolina
defended the Democratic caucus system. Mann
at once came forward with a sarcastic talk about
Pou having been "kicked off the ways and means
committee by the Democratic caucus" and was
now so docile that he kissed the hand that smote
him. Pou in turn accused Mann of "hitting below
the belt" in making any such reference.

No Silk Stocking.

They are not going to make a silk stocking
charge stick against Congressman Fowler of Illinois.
It was J. Hampton Moore who made the charge,
and Fowler denied the proposition. "I never saw
a pair of silk stockings in my life, much less wear
such things," he shouted. And the house went
into convulsions of laughter—it sounded so funny.The Clayton of Alabama remarked: "I want
to express the hope, that after my friend has
served two or three terms in congress he may be
able to say truthfully that he never saw a pair
of silk stockings." Again the house was in a
gale of laughter, which was renewed when
Fowler promised Clayton that he would not
indulge in silken footwear.

Kinkead and the Cotton Schedule.

Under the head of "cotton schedule" a
speech by Congressman Kinkead of New Jersey
is published in the Record. There is no mention
of cotton, but the New Jersey man tells all
about the efforts he has made with final success
to arrange a baseball game between the Democratic
and Republican sides of the chamber. The speech
was enjoyed more than hours of debate on
cotton statistics.

A Little Lemon Joke.

Congressman Stephens of California is one
of the Republican insurgents who have been voting
all the time for the Democratic tariff bills. One
day the free list bill was returned to the house
with senate amendments, and Leader Underwood
promptly tackled on lemons, much to the consternation
and over the protest of Stephens. The Republican
regulars enjoyed it as a good joke.Then Florida became interested, and Congressman
Clark wanted to make a speech. There was
bickering over it, but Uncle Joe Cannon said
that the other business coming later had better
be brought forward while there was a good
attendance in the house."Do you mean to infer that Clark will
empty the house?" asked Bob Henry of Texas."I make no such suggestion," replied Cannon,
"but I do suggest that when the hour for
baseball arrives that they will empty the house
double quick."Uncle Joe knew from long experience that
the great national game is more attractive than
house debates.

Hill is a Yankee.

Congressman Underwood was talking about
cotton, and Hill of Connecticut was interrupting
him. Then Underwood put one of those hard
questions at Hill."I will answer that in the Yankee way by
asking another question," said Hill. "No, you
don't," replied Underwood, and he did not
allow Hill to use his Yankee prerogative.

NO CHANGE IN HIS CONDITION

Physicians Hope for Complete Recovery of
Pope.Rome, Aug. 14.—The condition of Pope
Pius was almost stationary, but with a tendency
toward slow, though gradual, improvement. His
temperature was 98.7 and, while the pains in the
gouty knee continue, the pontiff suffered much less.
He took more nourishment and his strength was
well maintained.Although the general condition of his
holiness is not yet such as to justify absolute
optimism for his recovery his physicians believe
that if there is no relapse he will be able to
abandon his bed next week. His complete
convalescence will be a lengthy one, however,
and it will be necessary for him to submit to a
severe regimen with regard to both food and work.BRIEF REVOLUTION

by a revolution organized by supporters of

the state department's advice from Minister

quiet. The arrival of President Elect Estrada
was momentarily expected. General Alfaro and
his family took refuge in the Chilean legation.

BIRDMEN SAIL OVER CHICAGO

Many Desire to Break Record for
Time Spent in Flying.Chicago, Aug. 14.—The record for total
time spent in flying is one aviation record
bound to be broken during the international
aviation meet here. The inspiration is the \$2
paid each flyer for each minute his machine is
in the air and when the gun boomed to open
the second day of the meet the success of this
plan for conducting a meet was proved.Except for a half dozen aviators who
planned to enter events for particular prizes
there was a general exodus from the hangars
and in less than half an hour a score of machines
were floating over the field and out above the
city, all the birdmen planning to stay up until
gasoline was exhausted.The result was that during all the scheduled
events there were at least a dozen machines
soaring over the field.

TAFT IN AUTO COLLISION

Machines Not Going Fast, So No One Is Injured.

Melrose, Mass., Aug. 14.—William A. Jenson,
resident of this city, told of being concerned in
an automobile collision with the president late
Saturday afternoon in Salem. The accident
described by Mr. Jenson happened when two
machines, one containing President and Mrs. Taft
and Major Archibald Butt and the other Mr.
and Mrs. Jenson and friends, came together as
the Jenson car swung around a corner. Neither
machine was going fast and no one was thrown
out.

COMRADE OF JERRY M'CARTHY

St. Paul Policeman's Assailant Identified as
Peter Juhl.St. Paul, Aug. 14.—The identification of the man who shot Detective Frank
Fraser Saturday afternoon, when the latter arrested him on a
Selby-Lake car, as Peter Juhl, who escaped from the Minnesota state
prison last March with Jerry McCarthy, cleared the mystery surrounding
the prisoner, John Lewis, as he gave his name Saturday.Meanwhile Detective Fraser is hovering
between life and death at St. Joseph's hospital.The capture of Juhl means the end of the
operations of as desperate a pair of criminals as have operated in
Minnesota for some time. And the victim, Frank Fraser, figured in the
capture of both. For Fraser, besides arresting Juhl Saturday, was in Minneapolis
looking for McCarthy Saturday night, four weeks ago, when the latter met
Patrolman Olinger in the duel which resulted in the death of both. Fraser was on
McCarthy's tracks that night and it was believed that he ultimately would have
captured him if Olinger and McCarthy had not met.

STAND IN LINE DURING RAIN

Berthold Reservation Registration Begins at
Minot.Minot, N. D., Aug. 14.—With more than
300 in line waiting to register for homesteads on the Berthold Indian
reservation registration opened at midnight. Those from the Northwest
were compelled to give precedence to a Utah man, Joseph Henry Lahrum of
Ogden, who was first in line and so the first to register for a homestead.
In spite of the rain and the discomfort of those standing in line the
crowd was orderly and good natured and registration is progressing with
regularity.

VICTIM FLEADS FOR MERCY

Crowd of Men, Women and Boys at
Coatesville, Pa., Avenge the Killing
of a Special Policeman by Piling Dry
Grass and Weeds Around the Negro,
Setting Fire to the Pile and Heaping
on Fence Rails.Coatesville, Pa., Aug. 14.—Zacharias
Walker, a negro desperado, was carried
on a cot from the hospital here by a
frenzied mob of men and boys and
burned to death in a fire which they
ignited about half a mile from town.
The negro, who shot and killed Edward
Rice, a special policeman of the Worth
Iron mills, was first dragged to the scene
of the shooting.Walker was arrested by a posse after a
search which stirred the countryside.
When finally located he was found
hiding in a cherry tree and with the last
bullet in his revolver shot himself in the
mouth, falling from the tree. He was
removed to the hospital and placed under
police guard.A crowd of about a thousand appeared
at the hospital. The leaders, at first
unable to gain admission, smashed the
window frames and crawled into the
corridor. A policeman detailed to watch
Walker was the only person in the building
beside the nurses and patients. The leader
of the mob placed his hands over the
policeman's eyes, while others who had
entered the building set about to take the
negro from the hospital.When Walker was taken to the hospital he
was strapped to the cot in order to prevent
his escape. The mob gathered up the bed
and, placing it on the shoulders of four men,
started for the country.

Pleadings Fall on Deaf Ears.

When a half mile from the hospital the
mob stopped at the farm of Mrs. Sarah Jane
Newlin. Here they entered a field and, quickly
gathering up a pile of dry grass and weeds,
placed the bed containing their victim upon
it. The negro was begging piteously to be
released, but his pleadings fell upon deaf
ears. A match was placed to the pile of grass
and the flames shot up quickly, entirely
enveloping the screaming victim. That not a
vestige of the murderer he left the men and
boys tore down the fence along the road
and piled the rails upon the pyre.After waiting for half an hour the crowd
dispersed as quietly as it had come. A curious
feature of the affair was the fact that almost
as many women as men were in the crowd. All
was orderly, scarcely a murmur being heard
from the time it began to congregate upon
the street until it dispersed, less than an hour
later.During the march from the hospital to the
scene of the burning, a distance of less than
three-quarters of a mile, not a policeman was
encountered. Even the officer on duty in the
hospital made no effort to stop the fifteen or
more leaders who had gained admittance to the
institution. Handkerchiefs drawn loosely over
their faces served as masks of the lynchers.Coatesville is a town of about 10,000
persons and is located on the main line of the
Pennsylvania railroad about thirty miles west
of Philadelphia.

fourteen years old, sister of Mrs. Klingelhut,
was in the back seat and escaped uninjured.
The buggy was smashed and the horse severely

RAINERD BEATS FOLEY, 5 TO 1

Contest Sunday Proves to be a Fine Exhibition of the National Pastime

UNGO TOWERS PITCHED

owers, For Brainerd, Strikes Out 12 Men—Brainerd Excels in Hitting and Base Running

Before a large crowd Sunday afternoon Brainerd defeated Foley in a closely contested game by the score 5 to 1.

"Bungo" Towers, Brainerd's new pitcher, was on the mound and did good work, striking out 12 batters. He allowed five bases on balls and struck a batter, but when the pinch came, as it often happened when they had the bases full, Towers sagged and made it a no run inning.

Foley scored its lonely little run in the sixth inning, made by Ed Murray. At other times Foley often had two and three men on bases, but quick work on the part of Brainerd shut them off from scoring.

In their half of the first inning Brainerd was put out stealing bases and the way they went at it surprised the Foleyites.

In the second inning Brainerd and Kasner battled him freely, but no scores came in.

In the third six men came to bat and each man hammered the ball. Towers hit a hard one to center and as the first one to score. Charles Bush flew out on a fly. Paine, Les-bush and Templeton both found Kasner's curves and it looked as though another run was coming in.

But Bush's fly was caught and Rod-heck struck out.

In the fourth, fifth and sixth innings there was nothing doing in the way of runs.

In the seventh the fireworks commenced and Brainerd netted two runs during two more in the eighth.

Good work was done by Capt. Templeton, who in the second inning severely sprained his ankle. He luckily stayed in the game although today he cannot walk and had to lay off from work.

Templeton made a pretty play when he caught a hard liner near third and made a lightning throw home, catching the runner at the plate and shutting out Foley from scoring.

With the bases full in the sixth inning a Foleyite batted and missed the ball. Roderick did not throw first but grabbed the ball on the mound and tagged home base and the side retired.

The Brainerd City band furnished music during the game and played very time Brainerd got a run. Their music was an enjoyable feature of the afternoon. John Cummings, the umpire, was hit twice in the right foot and the way John spun around wasn't slow.

Score cards were distributed by Manager Laymon, of the Empress theatre, and they made a hit with the fans. The cards were free for the fans and every one gladly took one and followed the game with greater interest.

BENDER HAS ODD CONTRACT

Former Brainerd Indian Receives What Connie Mack Thinks His Work Deserves

Chief Bender, of the Athletics, the Indian who claims Brainerd as his birth place, has had a peculiar contract to sign for the last several seasons, Connie Mack, instead of giving the Indian a big salary, as he deserves, has him sign a blank contract, and at the end of the season puts in a bonus, which he thinks pay for the Indian's work.

This started in 1908, when Bender, told a reporter he would quit and become a traveling salesman. But it didn't work with Connie, and he offered congratulations and sent a contract for \$2,000, according to league requirements. Bender hurried to Connie and told him it was all a joke, but Connie said that was all he could pay until he had shown he would pitch winning ball. Besides his share in the gate receipts Bender got \$4,000 salary in 1910.

DEATH OF FORMER BRAINERD LADY

Mrs. P. Barton Cozine, Formerly Miss Anna Towers, Passes Away in the Philippines

FUNERAL AT ALBUQUERQUE

Was Daughter of Mr. and Mrs. James E. Towers, and a Social Favorite in Albuquerque

The Albuquerque Morning Journal under date of July 28, mentions the death of a former Brainerd lady, Mrs. P. Barton Cozine, who before her marriage was Miss Anna Towers, daughter of Mr. and Mrs. James E. Towers. The paper states:

"With the body of her baby by her side, to give life to which she herself surrendered her own life, the body of Mrs. P. Barton Cozine arrived in Albuquerque late Wednesday evening, July 26. The remains of Mrs. Cozine who as Miss Anna Towers, was one of the most popular young women in Albuquerque, were brought from San Francisco in charge of her parents, Mr. and Mrs. James E. Towers. "The late Mrs. Cozine was the wife of P. Barton Cozine, a machinist in the United States navy, stationed at the Cavite yard in the Philippine Islands. She died there on March 21, and her body was embalmed in Manila and shipped for burial to Albuquerque, where she lived from girlhood to womanhood, and was known and loved."

"Mrs. Cozine was one of a large family and her father, James E. Towers, who for many years was foreman in the local Sante Fe shops, has lately been employed in a similar capacity at San Bernardino. She was married to P. B. Cozine at Oakland about three years ago, and lived in Albuquerque for about a year after her marriage, before joining her husband in the Philippines."

"While living in the latter city she was for a number of years a member of the Presbyterian church, and was well known for her beautiful, sweet voice. Then as now, the choir was known as one of the best in all New Mexico."

"One sister of Mrs. Cozine resides in Albuquerque. She is Mrs. Elizabeth E. Trauth, of 734 South Arno street.

"The funeral services were conducted on Sunday afternoon, July 30, at the Presbyterian church by Rev. Hugh A. Cooper, who had been her pastor during her membership and who well appreciated her worth to the church and the community. He referred to the beautiful character of the deceased in words full of sympathy for the family and friends of the former worker."

MINNESOTA WILL EXHIBIT

Five Hundred Square Feet of Space is Secured at the Twin City Land Show

LASTS FROM DEC. 12 TO 23

The Seven States of the Northwest Development League Will Have Large Exhibits

Minnesota will show from 150,000 to 200,000 people a big exhibit of her products at the land show in St. Paul, December 12 to 23.

Governor Eberhart has received word from the officers of the North-western Development League that the business interests of St. Paul, Minneapolis and Duluth have agreed to a deal whereby this state will be furnished exhibit space within the land show. The show to be given under the auspices of the league is the only one in the country which is not a private enterprise and will be managed in such a way as to furnish space for official exhibits.

At a cost of ten thousand dollars the business interests of the three Minnesota cities have bought from the league 3,500 square feet of preferred space at the show. Each of the seven states will have a space of fifty feet long and ten feet wide for their official exhibit.

The governor has been asked to confer with officers of the league in this state and secure the interest of those necessary to put in an exhibit which will be a credit to the state. Under this plan no one community or city will have an advantage over others in the state. Any city, county, or land company desiring to make an independent exhibit will be able to secure a limited amount of space near the state exhibit on reasonable terms, but it is the desire of the league officers for this state that the best possible exhibit be made in the name of the state as it is from such an exhibit that results are to be obtained.

The seven states which are to be thus represented are Washington, Oregon, Idaho, Montana, North and South Dakota and Minnesota. No other states will have exhibits and Canadian exhibits will be barred, the whole idea of the show being "an exposition by the seven states for the benefit of the seven states alone."

Minnesota officers of the league are J. H. Dight, of Duluth, and Chas. Patterson, of St. Paul. Inquiries about the state exhibit should be addressed to George S. Welsh, immigration commissioner, St. Paul. Information about concession space may be secured from Will A. Campbell, of St. Paul.

Invitations have been received here from Mrs. Edwin Franklin Norton of Hudson, Wis., for the marriage of her daughter, Winnie Marie, to Cecil Egbert Day of this city. The event will take place Tuesday afternoon, Aug. 22, at the Norton home and Mr. Day and his bride will be at home after Sept. 15 at Brainerd, Minn.

Mr. Day is a graduate of the Duluth Central high school and met Miss Norton while he was a student at the Galahad school at Hudson.—Duluth Herald.

BENDER HAS ODD CONTRACT

Former Brainerd Indian Receives What Connie Mack Thinks His Work Deserves

Chief Bender, of the Athletics, the Indian who claims Brainerd as his birth place, has had a peculiar contract to sign for the last several seasons, Connie Mack, instead of giving the Indian a big salary, as he deserves, has him sign a blank contract, and at the end of the season puts in a bonus, which he thinks pay for the Indian's work.

This started in 1908, when Bender, told a reporter he would quit and become a traveling salesman. But he didn't work with Connie, and he offered congratulations and sent a contract for \$2,000, according to league requirements. Bender hurried to Connie and told him it was all a joke, but Connie said that was all he could pay until he had shown he would pitch winning ball. Besides his share in the gate receipts Bender got \$4,000 salary in 1910.

DEATH OF FORMER BRAINERD LADY

Mrs. P. Barton Cozine, Formerly Miss Anna Towers, Passes Away in the Philippines

FUNERAL AT ALBUQUERQUE

Was Daughter of Mr. and Mrs. James E. Towers, and a Social Favorite in Albuquerque

The Albuquerque Morning Journal under date of July 28, mentions the death of a former Brainerd lady, Mrs. P. Barton Cozine, who before her marriage was Miss Anna Towers, daughter of Mr. and Mrs. James E. Towers. The paper states:

"With the body of her baby by her side, to give life to which she herself surrendered her own life, the body of Mrs. P. Barton Cozine arrived in Albuquerque late Wednesday evening, July 26. The remains of Mrs. Cozine who as Miss Anna Towers, was one of the most popular young women in Albuquerque, were brought from San Francisco in charge of her parents, Mr. and Mrs. James E. Towers.

"The late Mrs. Cozine was the wife of P. Barton Cozine, a machinist in the United States navy, stationed at the Cavite yard in the Philippine Islands. She died there on March 21, and her body was embalmed in Manila and shipped for burial to Albuquerque, where she lived from girlhood to womanhood, and was known and loved.

"Mrs. Cozine was one of a large family and her father, James E. Towers, who for many years was foreman in the local Sante Fe shops, has lately been employed in a similar capacity at San Bernardino. She was married to P. B. Cozine at Oakland about three years ago, and lived in Albuquerque for about a year after her marriage, before joining her husband in the Philippines.

"While living in the latter city she was for a number of years a member of the Presbyterian church, and was well known for her beautiful, sweet voice. Then as now, the choir was known as one of the best in all New Mexico.

"One sister of Mrs. Cozine resides in Albuquerque. She is Mrs. Elizabeth E. Trauth, of 734 South Arno street.

"The funeral services were conducted on Sunday afternoon, July 30, at the Presbyterian church by Rev. Hugh A. Cooper, who had been her pastor during her membership and who well appreciated her worth to the church and the community. He referred to the beautiful character of the deceased in words full of sympathy for the family and friends of the former worker."

MINNESOTA WILL EXHIBIT

Five Hundred Square Feet of Space is Secured at the Twin City Land Show

LASTS FROM DEC. 12 TO 23

The Seven States of the Northwestern Development League Will Have Large Exhibits

Minnesota will show from 150,000 to 200,000 people a big exhibit of her products at the land show in St. Paul, December 12 to 23.

Governor Eberhart has received word from the officers of the Northwestern Development League that the business interests of St. Paul, Minneapolis and Duluth have agreed to a deal whereby this state will be furnished exhibit space within the land show. The show to be given under the auspices of the league is the only one in the country which is not a private enterprise and will be managed in such a way as to furnish space for official exhibits.

At a cost of ten thousand dollars the business interests of the three Minnesota cities have bought from the league 3,500 square feet of preferred space at the show. Each of the seven states will have a space of fifty feet long and ten feet wide for their official exhibit.

The governor has been asked to confer with officers of the league in this state and secure the interest of those necessary to put in an exhibit which will be a credit to the state. Under this plan no one community or city will have an advantage over others in the state. Any city, county, or land company desiring to make an independent exhibit will be able to secure a limited amount of space near the state exhibit on reasonable terms, but it is the desire of the league officers for this state that the best possible exhibit be made in the name of the state as it is from such an exhibit that results are to be obtained.

The seven states which are to be thus represented are Washington, Oregon, Idaho, Montana, North and South Dakota and Minnesota. No other states will have exhibits and Canadian exhibits will be barred, the whole idea of the show being "an exposition by the seven states for the benefit of the seven states alone."

Minnesota officers of the league are J. H. Dight, of Duluth, and Chas. Patterson, of St. Paul. Inquiries about the state exhibit should be addressed to George S. Welsh, immigration commissioner, St. Paul. Information about concession space may be secured from Will A. Campbell, of St. Paul.

Mr. Day is a graduate of the Duluth Central high school and met Miss Norton while he was a student at the Galahad school at Hudson.—Duluth Herald.

JUST TO MAKE SURE.
The Scheme Looked Good, but the Old Man Lacked Confidence.
Living on a plantation fifty or sixty miles out of New Orleans is an old poker playing, chicken fighting, horse racing sportsman, who is always willing to gamble on anything and who isn't averse to gamble even when he has a shade the better of it. Not long ago a professional gambler came to him and said, "Squire, you know that Phillips man who used to play cards on the river?"
"I do."
"Well, he's showed up here with a lot of money. Now, I've got a scheme to get that money."
"Go on, you interest me."
"Well, I'll get him down here, and we'll put him into a game of poker—just the two of us and him. Then I'll cold dock him, you'll get the money, and we'll divide."
"How do you propose to do that, son?"
"Why, I'll deal him four queens, and I'll deal you four kings, and he'll bet all the money he has. All you've got to do is to bet against him, show your four kings when he's through, and we'll split the pile."
"You mean you'll deal him four queens and deal me four kings out of a cold deck?"
"That's it."
"All right, son, all right. But when you are dealing them four kings to me just deal me one ace also for a sort of confidence card."—Saturday Evening Post.

SECRET SOCIETIES
The Earliest Ones Had Strenuous Initiation Rites.

SEVERE TESTS OF COURAGE.
The Egyptians Subjected Candidates to a Threefold Trial by Fire, by Water and by Air—The Order of Assassins and Their Sham Paradise.

Among primitive communities in which might is right and the tyranny of superstition is absolute minorities have always been treated with scant consideration, and overt dissent from the opinions of the majority had a tendency to militate against the survival of the dissenter. Liberty of thought and action, qualified only by the rights of others, is a comparatively late growth. But thought dies hard and when denied open expression lives in secret imparted to a few chosen associates until the times are ripe for it to be divulged. Thus a few thinkers and their disciples would band themselves together into a secret society, and the instinct of self preservation would cause them to guard against their secret being revealed to the uninitiated.

The earliest secret societies were religious rather than political. In the mysteries of Persia, India and Egypt an inner ring of priests formed an exclusive association whose members gradually became the repositories of the bulk of the learning of the community. Severe tests of courage and nerve were imposed upon all aspirants for admission to the order. Among the Egyptians the neophyte was taken down a deep shaft in one of the pyramids and subjected to a threefold trial by fire, by water and by air.

He had to walk across a grating of redhot iron bars, with narrow interstices whereon he might tread in safety, to swim a wide and dark channel communicating with the Nile and to hang suspended by two iron rings over an abyss in the blast of two swiftly revolving wheels. Even then he had to undergo prolonged fasting and silence and to take an oath of secrecy ere his initiation was complete. A secret brotherhood of nobles, partly religious and partly political, which aimed at the concentration of knowledge and power in the hands of its members, was established by Pythagoras at Crotona, in the south of Italy. For a time it succeeded in gaining the supreme direction of affairs, but after the Spartan discipline of the order it was suppressed by a rising of the discontented.

During the middle ages the unsettled and lawless condition of many countries engendered by the weakness or the absence of their nominal rulers was especially favorable to the growth of secret societies. Toward the close of the eleventh century Hasan-ben-Sabah, a Mohammedan fanatic who had been a fellow student with Omar Khayyam at Naisapur, seized the castle of Alamut and founded the sect of the assassins. It is still a moot point whether the word which their evil deeds have given a permanent place in the languages of Europe as a synonym for murderers be derived from the founder's name or from the hemp opiate hashish wherewith they were wont to fuddle their brains to a pitch of sudden frenzy. The Venetian traveler Marco Polo tells of an ingenious plan adopted by their chieftain to insure the unquestioning devotion of his dupes. This was no less than the creation of a sham paradise with luxurious gardens, rivers of honey and wine and hours, all complete. Thither the man selected for any dangerous exploit was transported in a state of intoxication and on his return was told that he had been given a foretaste of his life after death.

The terror of their name soon spread through Europe. No potentate was safe from the vengeance of a sect which regarded death in the execution of their lord's decrees as the gate of paradise. King Philip Augustus of France, contemporary and foe of Richard Coeur de Lion, having incurred their enmity, was so afraid of them that he dared not stir abroad without his guards around him, and perhaps his fear appeared the ruthless sheik, for their plans rarely miscarried. The order was ultimately crushed in 1256 by an irruption of Mongols under Hulaku Khan.

In Germany the violence and anarchy that prevailed after the outlawry of Henry the Lion, when every petty baron tyrannized without let or hindrance over all whom his power could reach, led to the institution of a very different secret society, whose functions were purely judicial. The "vehmgericht" was an attempt to check the license of the feudal lords and to secure the due chastisement of crime. It was the proud boast of this court that it judged in secret and punished in secret. Every member was sworn to reveal all crimes that came to his notice, even if committed by those nearest and dearest to him; hence it became a maxim of the jurists of the time, "Non frater a fratre, non hospes ab hospite, tutus." The sentence of the court involved outlawry, degradation and death; the condemned was declared "vehmbar" and was relentlessly pursued by at least 100,000 daggers.—London Globe.

Her Undeveloped Sense of Humor.
"The trouble with you women," he said, "is that you have no sense of humor."
"I know it," his better half admitted. "I suppose I ought to think being married to you is a lovely joke, but I can't seem to see it."—Chicago Record-Herald.

Foolishness.
"I fine you \$5."
"Judge, I only sassed a policeman."
"I fine you for foolishness. When there are so many things you could have done, why did you select this?"—Washington Herald.

Big Noses in Japan.
The nose plays a very important part in Japan, owing, probably, that a difference in noses constitutes about the only distinction between one Japanese and another. The nose is the only feature which attracts attention. As there are very few large noses to be found in Japan, a lady with a large nose is regarded as one specially gifted by nature. She is invariably a reigning beauty and the envy of her less favored sisters. In all Japanese pictures in which ladies are portrayed the artists are particularly careful to make the nose of liberal dimensions.—London Telegraph.

Sweet Child.
"Yes," said little Elsie, "mamma says she is always glad to let me come to parties at your house."
"It is very nice of your mamma to say that."
"Cause she says you're so savin' that there's never any danger you'll give me anything that will be rich enough to hurt me."—Chicago Record-Herald.

Soured.
"I'm just crazy to play golf," said the enthusiastic summer girl.
"Most people are," muttered the mere man who had no ambition even partly to fill the presidential chair.—Chicago News.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments, that medical science has devised. JUST TO MAKE SURE.

The Scheme Looked Good, but the Old Man Lacked Confidence.

Living on a plantation fifty or sixty miles out of New Orleans is an old poker playing, chicken fighting, horse racing sportsman, who is always willing to gamble on anything and who isn't averse to gamble even when he has a shade the better of it. Not long ago a professional gambler came to him and said, "Squire, you know that Phillips man who used to play cards on the river?"

"I do."

"Well, he's showed up here with a lot of money. Now, I've got a scheme to get that money."

"Go on; you interest me."

"Well, I'll get him down here, and we'll put him into a game of poker—just the two of us and him. Then I'll could deck him, you'll get the money, and we'll divide."

"How do you propose to do that, son?"

"Why, I'll deal him four queens, and I'll deal you four kings, and he'll bet all the money he has. All you've got to do is to bet against him, show your four kings when he's through, and we'll split the pile."

"You mean you'll deal him four queens and deal me four kings out of a cold deck?"

"That's it."

"All right, son, all right. But when you are dealing them four kings to me just deal me one ace also for a sort of confidence card."—Saturday Evening Post.

SECRET SOCIETIES FOULBREATH

The Earliest Ones Had Strenuous Initiation Rites.

SEVERE TESTS OF COURAGE.

The Egyptians Subjected Candidates to a Threefold Trial by Fire, by Water and by Air—The Order of Assassins and Their Sham Paradise.

Among primitive communities in which might is right and the tyranny of superstition is absolute minorities have always been treated with scant consideration, and overt dissent from the opinions of the majority had a tendency to militate against the survival of the dissenter. Liberty of thought and action, qualified only by the rights of others, is a comparatively late growth. But thought died hard and when denied open expression lives in secret imparted to a few chosen associates until the times are ripe for it to be divulged. Thus a few thinkers and their disciples would band themselves together into a secret society, and the instinct of self preservation would cause them to guard against their secret being revealed to the uninitiated.

The earliest secret societies were religious rather than political. In the mysteries of Persia, India and Egypt an inner ring of priests formed an exclusive association whose members gradually became the repositories of the bulk of the learning of the community. Severe tests of courage and nerve were imposed upon all aspirants for admission to the order. Among the Egyptians the neophyte was taken down a deep shaft in one of the pyramids and subjected to a threefold trial by fire, by water and by air.

He had to walk across a grating of redhot iron bars, with narrow interstices whereon he might tread in safety, to swim a wide and dark channel communicating with the Nile and to hang suspended by two iron rings over an abyss in the blast of two swiftly revolving wheels. Even then he had to undergo prolonged fasting and silence and to take an oath of secrecy ere his initiation was complete. A secret brotherhood of nobles, partly religious and partly political, which aimed at the concentration of knowledge and power in the hands of its members, was established by Pythagoras at Crotona, in the south of Italy. For a time it succeeded in gaining the supreme direction of affairs, but after the Sybarites had succumbed to the Spartan discipline of the order it was suppressed by a rising of the discontented.

During the middle ages the unsettled and lawless condition of many countries engendered by the weakness or the absence of their nominal rulers was especially favorable to the growth of secret societies. Toward the close of the eleventh century Hasan-ben-Sabah, a Mohammedan fanatic who had been a fellow student with Omar Khayyam at Nishapur, seized the castle of Alamut and founded the sect of the assassins. It is still a moot point whether the word which their evil deeds have given a permanent place in the languages of Europe as a synonym for murderers be derived from the founder's name or from the hemp opiate hashish wherever they were wont to fuddle their brains to a pitch of sudden frenzy. The Venetian traveler Marco Polo tells of an ingenious plan adopted by their chieftain to insure the unquestioning devotion of his dupes. This was no less than the creation of a sham paradise with luxurious gardens, rivers of honey and wine and hours, all complete. Thither the man selected for any dangerous exploit was transported in a state of intoxication and on his return was told that he had been given a foretaste of his life after death.

The terror of their name soon spread through Europe. No potentate was safe from the vengeance of a sect which regarded death in the execution of their lord's decrees as the gate of paradise. King Philip Augustus of France, contemporary and foe of Richard Coeur de Lion, having incurred their enmity, was so afraid of them that he dared not stir abroad without his guards around him, and perhaps his fear appeased the ruthless sheik, for their plans rarely miscarried. The order was ultimately crushed in 1256 by an irruption of Mongols under Hulaku Khan.

In Germany the violence and anarchy that prevailed after the outlawry of Henry the Lion, when every petty baron tyrannized without let or hindrance over all whom his power could reach, led to the institution of a very different secret society, whose functions were purely judicial. The "vehmgericht" was an attempt to check the license of the feudal lords and to secure the due chastisement of crime. It was the proud boast of this court that it judged in secret and punished in secret. Every member was sworn to reveal all crimes that came to his notice, even if committed by those nearest and dearest to him; hence it became a maxim of the jurists of the time, "Non frater a fratre, non hospes ab hospite, tutus." The sentence of the court involved outlawry, degradation and death; the condemned was declared "vehmbar" and was relentlessly pursued by at least 100,000 daggers.—London Globe.

Her Undeveloped Sense of Humor. "The trouble with you women," he said, "is that you have no sense of humor."

"I know it," his better half admitted. "I suppose I ought to think being married to you is a lovely joke, but I can't seem to see it."—Chicago Record-Herald.

Foolishness.

"I fine you \$5."
"Judge, I only sassed a policeman."
"I fine you for foolishness. When there are so many things you could have done, why did you select this?"—Washington Herald.

Hay Fever, Asthma and Summer Colds Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. For sale by all druggists. mwf

Big Noses in Japan.

The nose plays a very important part in Japan, owing, probably, that a difference in noses constitutes about the only distinction between one Japanese and another. The nose is the only feature which attracts attention. As there are very few large noses to be found in Japan, a lady with a large nose is regarded as one specially gifted by nature. She is invariably a reigning beauty and the envy of her less favored sisters. In all Japanese pictures in which ladies are portrayed the artists are particularly careful to make the nose of liberal dimensions.—London Telegraph.

Sweet Child.

"Yes," said little Elsie. "mamma says she is always glad to let me come to parties at your house."
"It is very nice of your mamma to say that."
"Cause she says you're so savin' that there's never any danger you'll give me anything that will be rich enough to hurt me."—Chicago Record-Herald.

Soured.

"I'm just crazy to play golf," said the enthusiastic summer girl.
"Most people are," muttered the mere man who had no ambition even partly to fill the presidential chair.—Chicago News.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments, that medical science has devised.
